### Subject:

Pinellas County Schools Interagency Agreement

### Summary:

This agreement between the Pinellas County School Board, the Pinellas County Sheriff's Office, and multiple municipalities within Pinellas County stands to promote a coordinated effort to achieve safety, while also protecting the health and welfare of those within Pinellas County Schools. This includes participation in interagency planning meetings, staff assignments, and the development of internal policies to implement this agreement appropriately. This agreement allows us mutual sharing of information regarding juveniles, policy on arresting students on campus age 10 and younger and a number of other issues surrounding training, interviews and reporting of school issues that happen away from campus. This combines several existing MOU's and brings us into compliance with some new laws surrounding the Stoneman Douglas Act
