Ashley,

Good afternoon.

Thank you for all of your time meeting with us and going over everything related to the variance request hearing at 435 St. Andrews Dr. We really do appreciate the time that you have, and continue to, put into this.

We would like to humbly request a continuance of our hearing to the December hearing date so that both parties can look into a few more aspects of this application.

Please let me know if you have any questions or need anything else from us.

Thank you,

Heather
