RECITALS:

1. The Board is the governing body of the Pinellas County Fire Protection Authority created by Chapter 73-600, Laws of Florida, for the purpose of establishing and implementing a permanent plan of fire protection for the County, determine minimum service levels, establish uniform standards for fire hydrants, implement County-wide reciprocal, mutual, or outside assistance programs, and to cause to be provided Fire Protection Services throughout unincorporated County. Chapter 73-600, Laws of Florida, became an ordinance of Pinellas County pursuant to Section 5.02 of the Pinellas County Charter in 1980.
2. The Board has determined that a coordinated Fire Protection Services County-wide system with centralized communications, standardized operating procedures, and automatic aid is in the best interest of the public's life safety, protection of property, and firefighters' safety and welfare.
3. Pursuant to Chapter 73-600, Laws of Florida; Chapter 80-590, Laws of Florida (the Pinellas County Home Rule Charter); and Chapter 62, Article II, of the Pinellas County Code (collectively, "Special Act"), the Board has divided the County into fire districts for the purposes of its regulatory powers and responsibilities, and created Municipal Services Taxing Units ("MSTUs") over the unincorporated portions of such districts for tax assessment purposes, which became operative after the approval by the electors of such districts at a properly held referendum by electors in the unincorporated areas of the County.
4. The County, Belleair, and Belleair Bluffs have long-standing individual agreements to share the cost of operating a Fire Station to serve the Belleair, Belleair Bluffs and the Belleair Bluffs Fire Service Area with Largo serving as the service provider ("Contractor").
5. At this time, the Parties wish to simplify the approach by entering into a single agreement for Fire Protection Services.

6. Belleair and Belleair Bluffs are authorized to enter into agreements for Fire Protection Services. The Board is authorized to enter into agreements for Fire Protection Services, and Contractor wishes and is able to provide Fire Protection Services within the Town of Belleair, City of Belleair Bluffs and the unincorporated portions of the Belleair Bluffs Fire District ("Fire Service Area")(as defined in Appendix A).
7. The Parties will compensate Contractor for providing Fire Protection Services within the Town of Belleair, City of Belleair Bluffs, and the unincorporated portions of the Belleair Bluffs Fire District ("Fire Service Area")(as defined in Appendix A).

NOW, THEREFORE, in consideration of the mutual covenants, terms, and conditions herein set forth to be kept and performed by and between the Parties hereto, it is agreed as follows:

ARTICLE VII

COMPENSATION AND OTHER FINANCIAL PROVISIONS

SECTION 701. FUNDING METHODOLOGY AND COMPENSATION.

(a) Population Based Methodology. The Parties analyzed several metrics including population, taxable value, call volume, and square miles to determine an appropriate proportional share for the Parties to share the costs of Fire Protection Services. At this time, the Parties understand and agree that the partnership maintains a financial and operational efficiency that contains costs that could not be attained without the partnership. As such, the Parties agree to a fixed percentage share as follows: Belleair 47%, Belleair Bluffs 25% and Pinellas County 28%. Such percentage share shall be utilized for Budget Requests, Adopted Budgets, Annual Compensation, the Annual External Audit and any subsequent funds returned to the Parties, and capital reimbursement to the Contractor. At the end of the five-year initial term, the population proportionate shares shall be recalculated in accordance with Appendix A.

(b) Fire Station. This agreement does not cover the Fire Station which is covered under a separate interlocal agreement between Belleair, Belleair Bluffs and Largo attached as Appendix C.

(c) Contractor fully compensated. The intent is for Contractor to be fully compensated for costs incurred for its role as the service provider except for costs that exceed the Adopted Budget in any given Fiscal Year.

(d) Budget Review. The Parties shall review and approve Contractor's Budget Request each Contract Year. Approval shall not be unreasonably withheld. The Parties shall calculate the annual compensation as the applicable percentage share multiplied by the lower amount of the initial Budget Request or the Adopted Budget. The Parties shall pay Contractor monthly

in arrears for the provision of Fire Protection Services beginning after October 1 of a given Fiscal Year in the amount of 1/12 of the annual compensation. The compensation methodology shall comply with Appendix A.

SECTION 702. USE OF RESERVE FOR FUTURE YEARS. Subject to Contractor's substantial compliance with Section 409 (d) & (e) and in accordance with Appendix A, upon a written request of Contractor, the Parties shall review and provide funding for the Parties' portion of a capital expenditure from Contractor's Reserve for Future Years Fund held independently by the Parties. The Parties shall pay Contractor a single payment upon completion of the project or at agreed-upon milestones of a major project. Contractor shall provide all necessary support documentation to include purchase orders, invoices, proof of payment and any other documents required.

SECTION 703. WITHHOLDING FUNDS. The Parties may withhold payment to Contractor if it fails to meet its obligations in accordance with the provisions of this Agreement, including but not limited to Sections 803 and 804.

SECTION 704. FUNDS TO BE USED SOLELY FOR FIRE PROTECTION SERVICES. Contractor recognizes that funds provided pursuant to the Agreement are derived from ad valorem taxes collected and allocated for the provision of Fire Protection Services. Contractor, therefore, agrees that funding provided under this Agreement will be used strictly for the provision of the services described herein. Contractor shall not use funds for non-operating purposes, including, but not limited to, gifts, donations, goodwill, and travel expenses in excess of rates specified by applicable law, municipal policy, or Section 112.061, Florida Statutes.

SECTION 705. OTHER FUNDS. Money acquired through special programs, projects, gifts, or funds received through fundraising efforts will not be used by the Parties to offset the Fire Service Area's Budget Request or the Approved Budget but shall be used for direct benefit of the Fire Service Area. However, funds from interest earned by the investment of Fire Service Area funds and funds from other Fire Protection Services Agreements shall be used to offset the Fire Service Area's Final Approved Budget. Funds provided to Contractor through any County EMS Agreement will be used to offset Fire Service Area Budget Request or Approved Budget if the Contractor's budget process combines both Fire and EMS funding into one document for review by the Parties. Contractor shall ensure that personnel cost reimbursements from the EMS Authority for special operations training, continuing medical

education instruction, public education, or other reimbursements are not funded twice (i.e. funding provided in the submitted budget and reimbursement made by the EMS Authority.)

SECTION 706. FISCAL NON-FUNDING. The funds to be used for services performed pursuant to this Agreement are subject to periodic appropriation of funds by the Parties. If funds are not appropriated by the Parties for any or all of this Agreement, the Parties shall not be obligated to pay for any services performed under this Agreement beyond the portion for which funds are appropriated. Such failure of appropriation shall not constitute a breach of this Agreement. The Parties agree to promptly notify Contractor in writing of such failure of appropriation, and this Agreement shall terminate on the last day of the fiscal period for which funds have been appropriated.

SECTION 707. PROHIBITIONS AGAINST MORTGAGE OF ASSETS. Contractor agrees that acquisition of capital assets with funds provided under this Agreement shall be by purchase, lease purchase, or lease, and Contractor shall not mortgage or pledge as security any such assets for any debt without the written consent of the Parties.

In the event Contractor desires to retain said asset, Contractor shall pay to the Parties an amount equal to the Parties' interest in said asset. In the event that the Parties desire to retain said asset, the Parties shall pay to Contractor an amount equal to Contractor's interest in said asset. If neither Contractor nor the

Parties desires to retain said asset, then the asset will be sold at public sale to the highest bidder and the net proceeds distributed according to the respective interest of each of Contractor and the Parties.
